

# Hiring the FCC Giant Paella Pan

FCC has invested a rather large sum into an ENORMOUS, professional paella pan, as detailed below:

- Enamelled
- 100cm diameter – good for 80 – 90 full size portions of paella
- 70cm burner with flame failure protection, sturdy legs (and optional metal wind guard)
- Propane regulator. (Propane gas cannister not included)

Although the burner has flame failure protection, we would advise against using it indoors.

The pan can be used for other purposes, such as a giant fry-up!

We are offering the pan for hire subject to the following charges:

- **£125 hire fee for up to 1 week** – to be paid in cash upon collection.
- £375 deposit – to be paid in cash upon collection, and refunded when all 3 items (legs, burner, pan) returned clean and undamaged.

As well as having a novel and cost-effective way to cater for you party, hiring the FCC paella pan is a contribution towards planting more trees on Clapham Common!

Please call Martin on **07986 337001** if of interest, or for further information.
